Aspiring Software Engineer | Front-end Developer | Problem-Solver

A forward-thinking engineering graduate (Class of 2025) with a deep passion for **software development, UI/UX design, and innovative problem-solving**. I thrive on creating user-centric digital experiences and building functional, visually compelling applications. My strength lies in translating complex ideas into seamless, intuitive interfaces while continuously learning and adapting to new technologies.

Projects & Technical Experience

Assessment Platform - Frontend (UI/UX & Development)

- Designed an intuitive, user-friendly interface for an assessment platform using Figma, focusing on accessibility and seamless navigation.
- Developed a fully functional frontend using HTML, CSS, and JavaScript, ensuring a responsive and engaging user experience.

Portfolio - Personal Website

- Published my personal portfolio website via GitHub Pages to showcase my projects, skills, and learning journey.
- Built the frontend using HTML, CSS, JavaScript, and connected with Google Sheets to get details of visitors.

Technical Skills

- **Programming:** Java, JavaScript, HTML, CSS
- **UI/UX Design:** Figma, Responsive Web Design
- **Database Management:** MySQL
- **Soft Skills:** Public Speaking, Leadership, Team Collaboration

Certifications & Training

- **Core Java Training** – Completed an intensive 15-day training at Vanakkam HRD, mastering OOP concepts, exception handling, and file management.
- **Responsive Web Design Certification** – Earned from FreeCodeCamp, showcasing expertise in designing adaptable web experiences.

Education

Peri Institute of Technology (2021 – 2025)

- B.E Computer Science - 80%

Amala Girls Higher Secondary School (2021)

- Bio-Maths - 89%

Leadership & Extracurricular Activities

- **NSS Girls Squad Coordinator** – Led and organized social initiatives, engaging over 100+ students in community projects.
- **Event Emcee & Host** – Recognized for public speaking skills, frequently hosting college events and panel discussions.

Why I Stand Out

- **Technical & Creative Expertise:** Skilled in Front-end development (HTML, CSS, JavaScript) and UI/UX design, creating intuitive, user-centric digital experiences.
- **Proven Project Experience:** Developed projects like an Assessment Platform UI and a personal portfolio website, demonstrating ability to turn complex ideas into functional, visually engaging solutions.
- **Leadership & Soft Skills:** Strong leadership, public speaking, and team collaboration abilities, honed through roles like NSS Girls Squad Coordinator and hosting college events.
